WORK EXPERIENCE

Start-up Weekend in Tashkent (Backend developer); Tashkent, Uzbekistan *October 2023*

- During the 3-day marathon, we worked with our team on the Smart-Learning platform and were rated 8/10 by experts.
 - Enhanced platform features to improve user engagement and interaction, leading to a more effective learning experience.

Streamlined backend processes using advanced analytics, resulting in a 25% increase in platform efficiency.

- As a backend developer, I developed a platform at the MVP level in 3 days and gave a presentation to investors.

Utilized PHP Laravel to build a robust backend, ensuring seamless authentication and security for users.

Designed an easy learning interface that streamlined user experience, enhancing engagement and retention.

Climate Change Conference by UNDP (Participant); Tashkent *August 2022*

- At the event, we presented our team's views on combating the factors causing climate change and were rated 8/10 by experts.

Proposed innovative strategies for reducing carbon emissions through renewable energy adoption and sustainable practices.

Student Union President; International Digital University, Tashkent. *October 2022 - June 2023*

- I have positively solved more than 30 problems of university students with the help of Academic Executives.
- My team and I planned a 1-year event for university students and successfully implemented it.
- I participated in various educational conferences as the President of the University Student Union.
